DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 2-20 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Original claim 1 is directed to the first and second mobile devices associated by a relationship defined at least in part by a threshold.

The Newly submitted claims 2-20 are directed to a tracking system comprising a first mobile device and a second device, each having a position determining apparatus, and wherein the first mobile device are capable of transmitting to the system its position information and relaying to the system the position information of the second mobile device.

The original claim 1 never claims or recites “transmitting to the system its position information and relaying to the system the position information of the second mobile device” as claimed in the newly submitted claims 2-20.

2. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 2-20 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
